

External Visitors

At Rachel Madocks School we welcome many visitors to various events and to support our approach to a broad and balanced curriculum throughout the year. Visitors contribute to the life and learning of the school and the experience and opportunities they bring are encouraged and appreciated. We have a variety of different visitors which may include the following:

People linked to specific jobs such as the police, fire brigade, shop workers etc.

This is often linked to our PSHE or Topic theme when learning about the different people in our community and people that help us. We have learnt about the different things these jobs entail as well as exploring some of their equipment. We have been fortunate to experience looking at a police car and fire engine that have come to visit our school.

Sports Professionals

At Rachel Madocks, we have been fortunate to have visits from different sporting groups that come and teach our students for different periods of time. Some of the sports on offer have included multi sports, cricket, karate and football.

Music and Theatre Professionals

We have been fortunate to have visits from theatre groups who have put on some productions for our students. In addition, we have had visits from musicians who have performed music for different events which have included our theme days.

External Companies

We have had visits from a number of different external education companies that have included a petting farm and a planetarium.

Local Schools

We frequently work with our local schools when participating in Dance Live. We annually collaborate with a local school and create a routine that we perform at the Guildhall.
